

CERTIFICATE PROGRAMS

Kettering University has designed a set of graduate certificate programs for students that want to update their skill set in a new area of study. For students who do not have a graduate degree in hand, a graduate certificate can be the beginning of work toward a master's degree. For students who already hold a master's degree, a certificate program can provide graduate level education in an additional area of concentration.

Certificate Programs

- Global Leadership (<http://catalog.kettering.edu/grad/certificate-programs/global-leadership>)
- Healthcare Management (<http://catalog.kettering.edu/grad/certificate-programs/healthcare-mgmt>)
- Operations Management (<http://catalog.kettering.edu/grad/certificate-programs/ops-management>)
- Supply Chain & ERP (<http://catalog.kettering.edu/grad/certificate-programs/supply-chain-management>)

Students must meet admission requirements for a graduate program to be accepted to the graduate certificate.

Prerequisite requirements must be met for the courses in a certificate program or must be waived by the offering department. If prerequisites are waived for the certificate program and the student decides to pursue a complete graduate degree, there may be prerequisites required for a complete program admission.

Graduate tuition will be paid for graduate certificate programs. Students may take classes online or on-campus as available.
