Endowed Chairs

Endowed chairs are among the traditional hallmarks of the best institutions of higher education and Kettering University is particularly proud to have been singled out for five such chairs since its independence. Outstanding teacher/scholars are named to hold these distinguished positions—to the benefit of students throughout the University.

The **Frances Willson Thompson Chair of Leadership Studies** was established by Mrs. Thompson of Flint, Michigan. It memorializes the role that members of her family have played in the development of American industry, particularly William C. Durant and Governor Henry Howland Crapo.

The **Eugene W. Kettering Chair of Power Engineering** was endowed by the Kettering Fund of Dayton, Ohio, in honor of Eugene W. Kettering who had a distinguished career in the field of diesel locomotion and was a prominent philanthropist.

The **F. James McDonald Chairs of Entrepreneurial and Intrapreneurial Leadership and the F. James McDonald Supply Chain Operations Professorship** were endowed by nearly 700 GM dealers throughout the United States in honor of Mr. McDonald's many contributions to the automotive industry. A 1944 graduate of GMI/Kettering, Mr. McDonald is retired president of General Motors Corporation.

The **Alfred Grava Chair in Manufacturing Management** was endowed by Dr. and Mrs. Martin (Skip) Walker to honor the late Al Grava. Walker, a 1954 GMI graduate and former chairman/CEO of the M.A. Hanna Company, and Grava, a 1957 GMI graduate and former president of Masco-Tech Automotive Systems Group, were classmates at GMI and lifelong friends.

The **Robert and Claire Reiss Chair of Industrial Engineering** was established by Robert E. Reiss and his wife Claire. Bob is a 1960 Industrial Engineering graduate and former member of the university's Board of Trustees. He was President and CEO of Interventional Technologies, a company he founded and later sold to Boston Scientific.

The chair focuses on both teaching and research within an area of concentration relating to industrial engineering.

The **Robert Bosch Centennial Professorship** was established with a gift from the Robert Bosch Corporation of Stuttgart, West Germany, and its American units in honor of the company's 100th anniversary. The fund supports research of distinguished professors in electrical and mechanical engineering on a two-year, rotating basis.

The **Losh Family Business and Engineering Management Endowed Professorship** focuses on engineering, STEM, and business. The selected professor will develop business programs coupled with technical management skills and operation management along with entrepreneurial skills to uniquely prepare the next generation of business leaders.
