Kettering University Library

The Kettering University Library features digital collections and friendly personal services to support teaching, learning, and the university's research programs.

Features include digital collections, friendly service, and great space for collaborative and individual study from the Library's new home in the Kettering University Learning Commons. Access is available in person during regular hours and 24/7 for all students, both on campus and off, through the Library website. The Library supports student research by subscribing to more than 150 databases that contain academic information resources. The collection includes books, journals, technical papers, standards, streaming films, and documentaries on a variety of topics, including science, engineering, mathematics, computer science, and the humanities. The electronic reserve book collection offers copies of many textbooks to students at no cost. As students explore the Learning Commons, they will find it is also a great place to do research and collaborate.

While most of the collection is available virtually through the Library website, print books are available through a secure, touchless locker system. Resources not owned by the Library are often available through Materials on Demand, formerly known as Inter-Library Loan. LinkedIn Learning courses are available to catch up on specific skills and Mango Languages courses are ready for those interested in language learning.
